

# You and your baby

The EGK-Gesundheitskasse is there for you before and after your child's birth.

# Ready for a new life

## Basic insurance

All health insurance companies offer the same mandatory health care insurance pursuant to the Federal Health Insurance Act (KVG).

### Important to know:

- No cost contribution (franchise and deductible) for maternity benefits
- From the 13<sup>th</sup> week of pregnancy, no cost contribution (franchise and deductible) for general cases of illness
- 7 check-ups and 2 ultrasound checks (during high-risk pregnancy, at the doctor's discretion)
- 150 francs for a prenatal class with a recognised midwife
- 3 breastfeeding consultations with a specially trained and registered nurse or an approved midwife

## Supplementary insurance

EGK-SUN: Comprehensive supplementary insurance for conventional and complementary medicine

- Choose a hospital anywhere in Switzerland and the desired ward – general/semi-private/private/flex
- Contributions towards the cost of treatments from therapists and naturopaths
- Cost contribution in the event of a home birth
- All maternity check-ups including ultrasound scans in addition to basic insurance cover
- 50 % prenatal and postnatal gymnastics
- 50 % of breastfeeding consultations in addition to basic insurance cover

# Prenatal registration – important advantages

- Insurance cover for your baby from the very first minute
- No medical examinations required
- Prenatal registration is possible for all insurance categories in general, private, semi-private, or flex hospital wards
- The EGK pays the first month's premium for your baby's supplementary insurance.

## Family discount

Premium discount of 10 % on supplementary insurances for families on joint collection of premiums for all persons living in the same household.

Please note: This overview is a simplified information aid.  
The currently applicable statutory and contractual provisions (GTC/KVG, GTC/VVG and EGK-SUN/EVB) are legally binding.
